ZARGON ENERGY TRUST

Information Circular - Proxy Statement
for the Annual Meeting to be held on April 23, 2008

PROXIES

Solicitation of Proxies

This information circular - proxy statement is furnished in connection with the solicitation of proxies for use at our Annual Meeting of the unitholders of Zargon Energy Trust to be held on Wednesday, April 23, 2008 in the Strand/Tivoli Room of the Metropolitan Conference Centre, 333 - 4th Avenue SW, Calgary, Alberta, and at any adjournment thereof. Forms of proxy must be addressed to and reach Valiant Trust Company, Suite 310, 606 - 4th Street SW, Calgary, Alberta T2P 1T1, not less than 24 hours before the time for holding the meeting or any adjournment thereof. Only unitholders of record at the close of business on March 19, 2008 will be entitled to vote at the meeting, unless that unitholder has transferred any trust units subsequent to that date and the transferee unitholder, not later than 10 days before the meeting, establishes ownership of the trust units and demands that the transferee's name be included on the list of unitholders.

We have two outstanding types of securities that entitle holders to vote generally at meetings of unitholders being trust units and special voting units. Each trust unit outstanding on the record date is entitled to one vote. A single special voting unit was issued to Valiant Trust Company as trustee under a voting and exchange trust agreement for the benefit of holders of exchangeable shares issued by our subsidiary, Zargon Oil & Gas Ltd. ("Zargon") in connection with a plan of arrangement which was effective July 15, 2004. This special voting unit is entitled to the number of votes equal to the number of trust units for which each exchangeable share is exchangeable into on the record date. The trust units and the special voting units vote together as a single class on all matters. Valiant Trust Company is required to vote the special voting units in the manner that holders of exchangeable shares instruct, and to abstain from voting on the exchangeable shares for which Valiant Trust Company does not receive instructions.

The instrument appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation.

The persons named in the enclosed form of proxy are officers of Zargon. **As a unitholder you have the right to appoint a person, who need not be a unitholder, to represent you at the meeting.** To exercise this right you should insert the name of the desired representative in the blank space provided on the form of proxy and strike out the other names or submit another appropriate proxy.

Advice to Beneficial Holders of Trust Units

The information set forth in this section is of significant importance to you if you do not hold your trust units in your own name. Only proxies deposited by unitholders whose names appear on our records as the registered holders of trust units can be recognized and acted upon at the meeting. If trust units are listed in your account statement provided by your broker, then in almost all cases those trust units will not be registered in your name on our records. Such trust units will likely be registered under the name of your broker or an agent of that broker. In Canada, the vast majority of such trust units are registered under the name of CDS & Co., the registration name for The Canadian Depository for Securities Limited, which acts as nominees for many Canadian brokerage firms. Trust units held by your broker or their nominee can only be voted upon your instructions. Without specific instructions, your broker or their nominee is prohibited from voting your trust units.

Applicable regulatory policy requires your broker to seek voting instructions from you in advance of the meeting. Every broker has its own mailing procedures and provides its own return instructions, which you should

carefully follow in order to ensure that your units are voted at the meeting. Often, the form of proxy supplied by your broker is identical to the form of proxy provided to registered unitholders. However, its purpose is limited to instructing the registered unitholder how to vote on your behalf. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communication Corporation ("Broadridge"). Broadridge mails a scannable voting instruction form in lieu of the form of proxy. You are asked to complete and return the voting instruction form to them by mail or facsimile. Alternately, you can call their toll-free telephone number to vote your units. They then tabulate the results of all instructions received and provide appropriate instructions respecting the voting of units to be represented at the meeting. If you receive a voting instruction form from Broadridge it cannot be used as a proxy to vote trust units directly at the meeting as the proxy must be returned to Broadridge well in advance of the meeting in order to have the trust units voted.

Voting By Holders Of Exchangeable Shares

Valiant Trust Company holds one special voting unit. The special voting unit is entitled to a number of votes at the meeting equal to the aggregate number of outstanding exchangeable shares. Each holder of exchangeable shares is entitled to give Valiant Trust Company voting instructions for a number of votes equal to the number of that holder's exchangeable shares. A voting direction is the means by which a holder of exchangeable shares may authorize the voting of your voting rights at the meeting. Valiant Trust Company will exercise each vote only as you directed on the voting direction. In the absence of your instructions to voting, Valiant Trust Company will not exercise your votes. You may also instruct Valiant Trust Company to give a proxy entitling your designee of the holder to vote personally the relevant number of votes or to grant to our management a proxy to vote those votes. The procedures for holders of exchangeable shares to instruct Valiant Trust Company about voting at the meeting are explained in the "Voting Direction for Holders of Exchangeable Shares" that has been provided to holders of exchangeable shares with this information circular – proxy statement.

Revocability of Proxy

You may revoke your proxy at any time prior to a vote. If you or the person you give your proxy attends personally at the meeting you or such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation. To be effective the instrument in writing must be deposited either at our head office at any time up to and including the last business day before the day of the meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of the meeting on the day of the meeting, or any adjournment thereof.

Persons Making the Solicitation

This solicitation is made on behalf of our management. We will bear the costs incurred in the preparation and mailing of the form of proxy, notice of annual meeting and this information circular – proxy statement. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by our directors, officers and employees who will not be remunerated therefore.

Exercise of Discretion by Proxy

The trust units represented by proxy in favour of management nominees will be voted on any poll at the meeting. Where you specify a choice with respect to any matter to be acted upon the trust units will be voted on any poll in accordance with the specification so made. If you do not provide instructions your trust units will be voted in favour of the matters to be acted upon as set out herein. The persons appointed under the form of proxy which we have furnished are conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and notice of annual meeting and with respect to any other matters which may properly be brought before the meeting or any adjournment thereof. At the time of printing this information circular – proxy statement, we know of no such amendment, variation or other matter.

VOTING UNITS AND PRINCIPAL HOLDERS THEREOF

We are authorized to issue an unlimited number of trust units and an unlimited number of special voting units without nominal or par value which may be issued for such consideration as may be determined by resolution of the board of directors. As at March 19, 2008, there were 17,676,461 trust units and one special voting unit, entitled to a total of 2,734,249 votes. As a holder of trust units you are entitled to one vote for each trust unit you own. As a holder of exchangeable shares you are effectively entitled to 1.32753 votes for each exchangeable share you own. As at March 19, 2008, there were 2,059,652 exchangeable shares issued and outstanding which are effectively entitled to 2,734,249 votes.

To the best of the knowledge of our directors and executive officers, as at March 19, 2008, the following persons or companies beneficially own, or control or direct, directly or indirectly, trust units or exchangeable shares entitled to more than 10% of the votes which may be cast at the meeting:

Notes:

- (1) The percentage of issued and outstanding trust units includes trust units issuable upon exchange of exchangeable shares. As at March 19, 2008, this information not being within our knowledge, has been obtained from an alternative monthly report dated January 10, 2008 and filed on SEDAR.

No adjustment was made to the grant price to give effect to distributions paid since the right was granted.

EXECUTIVE COMPENSATION

Determination of Executive Compensation

We have a compensation committee composed of three non-management directors, Jim Peplinski, James J. Lawson and Grant A. Zawalsky.

Report of Executive Compensation

The compensation committee holds meetings each year for the purpose of reviewing the overall compensation policy. The compensation committee makes specific recommendations to the board of directors on the President and Chief Executive Officer's salary, bonus payments and trust unit rights allocations and directors' compensation. The board of directors reviews all recommendations of the compensation committee before final approval. Any director who is also an officer is excused from the directors' meeting during any discussion of his compensation. The compensation committee also approves the salaries, bonus payments and trust unit rights allocations of all other officers. The compensation committee has retained Mercer Human Resources Consulting, a nationally recognized compensation consulting firm, to assist with gathering compensation information for comparable organizations in the oil and natural gas industry. In assessing comparability, the compensation committee reviewed total revenue, production and the number of employees of these organizations relative to ours.

Base Salaries

Our policy with respect to executive compensation is to set a level of combined salary and benefits which make it competitive in attracting and retaining professionals and support staff capable of contributing significantly to our success and enhancement of unitholder value. Salary levels are determined with reference to amounts paid by comparable organizations in the oil and natural gas industry.

Bonuses

The compensation committee may also grant bonuses to officers on the basis of particularly significant contributions made during the year. Bonuses of \$281,338 were paid to the five named executive officers with respect to the 2007 fiscal year. Predetermined target bonuses for named executive officers (excluding the Chief Executive Officer) range from 30 percent to 35 percent. Actual bonuses paid as a percentage of 2007 salary are then adjusted from the target based on the achievement of corporate, team and individual objectives which are reviewed with the compensation committee for the individual officers.

Trust Unit Rights Incentive Plan

We have adopted a Trust Unit Rights Incentive Plan for certain directors, officers, consultants, employees and other service providers, as applicable (all of which are hereinafter called "**Service Providers**"), of the Trust and any of its subsidiaries, partnerships, trusts or other controlled entities (collectively, "**Zargon Entities**"), including Zargon, with an opportunity to acquire rights ("**Rights**") to acquire units ("**Units**") of the Trust as designated from time to time by the Board of Zargon.

The plan permits the granting of unit rights to purchase up to 1,952,909 trust units. The number of units issuable pursuant to the plan to non-management directors is limited to a maximum of 1% of the total outstanding units (including units issuable upon exchange of exchangeable shares of Zargon and other fully paid securities of Zargon Entities exchangeable into units which are the economical equivalent of units including full voting rights (the "**Total Units**")). The number of units: (a) issued to insiders, within a one year period; and (b) issuable to insiders, at any time under the plan, or when combined with all other securities based compensation arrangements, may not exceed 10% of the Total Units. Rights shall be granted by the Board from time to time, at its sole discretion, to Service Providers, provided that the aggregate number of Rights granted to any single holder of Rights shall not exceed 2% of the Total Units. No Service Provider shall have any rights to be granted Rights under the plan, except as may be specifically granted by the Board.

The Rights granted under the plan may be exercisable for a period, and may vest at such times as the Board may determine at the time of grant, subject to the rules of any stock exchange or other regulatory body having jurisdiction. Rights are not assignable and terminate on the earlier of the expiry date and 30 days after a rightholder ceasing to be an eligible participant. However, in the event of death, the Rights will expire on the earlier of the expiry date and six months from the date of death. The vesting of all Rights will accelerate on "change of control" which is defined to include a person or persons acting in concert acquiring 50% or more of the trust units (including trust units issuable upon exchange of exchangeable shares and any other fully paid exchangeable securities of any other party controlled by us), sale of all or substantially all of our assets or our dissolution.

The plan also contains normal anti-dilution provision in the event of consolidation, subdivision, re-division or change in trust units to adjust the Rights shall entitle the holder to a greater or lesser number trust units as the case may be and adjustment to the exercise price if required.

Our board is permitted to make amendments or modifications or terminate the plan without unitholder approval, but subject to approval of the Toronto Stock Exchange, provided that no Right may have a term greater than six years and no amendment may be made without unitholder approval to increase the maximum percentage of units issuable under the plan, to directors or officers or to non-management directors, reduce the exercise price of any Right granted to directors or officers, extend the term of any Right granted to directors or officers, amend the plan to allow the transfer of beneficial ownership of Rights other than on death or any amendment of the amendment provision.

CEO Compensation

In setting the CEO's base salary, the compensation committee, consistent with our long time policy, has targeted the CEO's base salary at a competitive range for comparable organizations in the oil and gas industry. The predetermined target for the CEO's bonus for 2007 was 40% of 2007 base salary. In setting the CEO's bonus for 2007, the compensation committee reviewed our overall performance in 2007, the CEO's individual contribution

towards this performance and reviewed data with respect to comparable organizations in the oil and natural gas industry. The compensation committee set a bonus for the CEO at \$74,407 (27.2% of 2007 base salary) after considering, among other things, financial results for 2007 and his continued demonstration of implementing our disciplined, focused but conservative business strategy in 2007. In setting the grant of trust unit rights for 2008, the compensation committee set the CEO's award at 36,000 trust unit rights. The compensation committee also reviewed this grant and was satisfied that it was well within the range of incentive compensation for CEO's in comparable organizations in the oil and gas industry.

Summary

Our compensation policies have allowed us to attract and retain a team of motivated professionals and support staff working towards the common goal of enhancing shareholder value. The compensation committee and the board of directors will continue to review compensation policies to ensure that they are competitive within the oil and natural gas industry and consistent with our performance.
