PROXIES

Solicitation of Proxies

This information circular - proxy statement is furnished in connection with the solicitation of proxies for use at our annual general meeting to be held on May 26, 2015 at 3:00 p.m. (Calgary time) in the Viking Room of the Calgary Petroleum Club, 319 – 5th Avenue S.W. Calgary, Alberta, and at any adjournment thereof. **The completed proxy form must be deposited at the offices of Valiant Trust Company, Attention: Proxy Department, Suite 310, 606 – 4th Street S.W., Calgary, Alberta T2P 1T1, or deliver it by fax to (403) 233-2857 at least 24 hours, excluding Saturdays, Sundays and holidays, before the meeting or any adjournment thereof.** Registered shareholders may also use the internet at <https://proxy.valiantrust.com/> to vote their shares. Shareholders will be prompted to enter the control number which is located on the form of proxy. Votes by internet must be received by 3:00 p.m. (Calgary time) on May 25, 2015 or at least 24 hours prior to the time of any adjournment of the meeting. The website may also be used to appoint a proxy holder to attend and vote at the meeting on the shareholder's behalf and to convey a shareholder's voting instructions. Solicitation of proxies will be primarily by mail, but some proxies may be solicited personally or by telephone, facsimile transmission or other electronic means by our officers, directors or employees at a nominal cost. The cost of solicitation will be borne by us.

Only shareholders of record at the close of business on April 14, 2015 will be entitled to vote at the meeting, unless that shareholder has transferred any common shares subsequent to that date and the transferee shareholder, not later than 10 days before the meeting, establishes ownership of the common shares and demands that the transferee's name be included on the list of shareholders entitled to vote at the meeting.

The instrument appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation.

The persons named in the enclosed form of proxy are our officers. **As a shareholder, you have the right to appoint a person or company, who need not be a shareholder, to represent you at the meeting.** To exercise this right you should insert the name of the desired representative in the blank space provided on the form of proxy and strike out the other names or submit another appropriate proxy.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to you if you do not hold your common shares in your own name. Only proxies deposited by shareholders whose names appear on our records as the registered holders of common shares can be recognized and acted upon at the meeting. If common shares are listed in your account statement provided by your broker, then in almost all cases those common shares will not be registered in your name on our records. Such common shares will likely be registered under the name of your broker or an agent of that broker.

In Canada, the vast majority of such common shares are registered under the name of CDS & Co., the registration name for The Canadian Depository for Securities Limited, which acts as nominees for many Canadian brokerage firms. Common shares held by your broker or their nominee can only be voted upon your instructions. Without specific instructions, your broker or their nominee is prohibited from voting your common shares. We do not know for whose benefit the common shares registered in the name of CDS & Co. are held. The majority of common shares held in the United States are registered in the name of Cede & Co., the nominee for the Depository Trust Company, which is the United States equivalent of CDS Clearing and Depository Services Inc.

If you do not hold your shares in your own name, you may give permission to your broker or other intermediary to release your name and address to us so that we can send proxy related materials to you directly. Alternatively, you may instruct your broker or other intermediary who holds your common shares to not provide your name and address to us, in which case, your broker or other intermediary is required to send such materials to you. We currently do not provide proxy related materials directly to beneficial shareholders and we assume the costs associated with the delivery of meeting materials to beneficial shareholders.

Applicable regulatory policy requires your broker to seek voting instructions from you in advance of the meeting. Every broker has its own mailing procedures and provides its own return instructions, which you should carefully follow in order to ensure that your common shares are voted at the meeting. Often, the form of proxy supplied by your broker is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on your behalf.

The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Solutions, which mails a scannable voting instruction form in lieu of the form of proxy. You are asked to complete and return the voting instruction form to them by mail or facsimile. Alternately, you can call their toll-free telephone number or access the internet to vote your common shares. They then tabulate the results of all instructions received and provide appropriate instructions respecting the voting of common shares to be represented at the meeting. If you receive a voting instruction form from Broadridge Investor Communications, Canada it cannot be used as a proxy to vote common shares directly at the meeting as the proxy must be returned to them well in advance of the meeting in order to have the common shares voted.

Although you may not be recognized directly at the meeting for the purposes of voting common shares registered in the name of your broker, you may attend the meeting as a proxyholder for the registered holder and vote your common shares in that capacity. If you wish to attend the meeting and vote your own common shares, you must do so as proxyholder for the registered holder. To do this, you should enter your own name in the blank space on the applicable form of proxy provided to you and return the document to your broker or the agent of such broker in accordance with the instructions provided by such broker well in advance of the meeting.

The Canadian Securities Administrators have adopted a "notice-and-access" regime for shareholder meetings which permits issuers to send a reduced package of meeting materials to shareholders, together with the document required to cast their vote. We have elected not to use the "notice-and-access" regime for the meeting and paper copies of such materials will be sent to all of our shareholders.

Revocability of Proxy

You may revoke your proxy at any time prior to a vote. If you or the person you give your proxy to attend personally at the meeting, you or such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation. To be effective, the instrument in writing must be deposited either at our head office at any time up to and including the last business day before the day of the meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of the meeting on the day of the meeting, or any adjournment thereof.

Persons Making the Solicitation

This solicitation is made on behalf of our management. We will bear the costs incurred in the preparation and mailing of the form of proxy, notice of annual general meeting and this information circular – proxy statement. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by our directors, officers or employees who will not be remunerated therefor.

Exercise of Discretion by Proxy

The common shares represented by proxy in favour of management nominees will be voted on any poll at the meeting. Where you specify a choice with respect to any matter to be acted upon, the common shares will be voted or withheld from voting on any poll in accordance with the specification so made. If you do not provide instructions, your common shares will be voted in favour of the matters to be acted upon as set out herein. The persons appointed under the form of proxy which we have furnished are conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and notice of annual general meeting and with respect to any other matters which may properly be brought before the meeting or any adjournment thereof. At the time of printing this information circular – proxy statement, we know of no such amendment, variation or other matter.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

We are authorized to issue an unlimited number of common shares without nominal or par value and 10,000,000 preferred shares without nominal or par value issuable in series. As at April 14, 2015, there were 30,274,207 common shares and no preferred shares outstanding. As a holder of common shares, you are entitled to one vote for each common share you own.

Notes:

- (1) "Incentive Rights" includes incentive rights granted under the unit right incentive plans of Zargon Energy Trust which were assumed by us in connection with the reorganization of Zargon Energy Trust on January 1, 2011 and awards granted under our share award plan.
- (2) For 2014, the "Total Market Value of Securities Owned and Incentive Rights" was determined by multiplying the number of common shares held by the nominee as of April 14, 2015 by the closing price of our common shares on the Toronto Stock Exchange on such date (\$4.05), plus the number of common shares issuable upon exercise of share awards held multiplied by the closing price of our common shares on the Toronto Stock Exchange on such date. For calculation purposes, no adjustment has been made to the number of common shares issuable upon exercise of share awards to give effect to dividends paid since the share award was granted.
- (3) For 2013, the "Total Market Value of Securities Owned and Incentive Rights" was determined by multiplying the number of common shares held by the nominee as of April 8, 2014 by the closing price of our common shares on the

Toronto Stock Exchange on such date (\$8.71), plus the number of common shares issuable upon exercise of share awards held multiplied by the closing price of our common shares on the Toronto Stock Exchange on such date, plus the number of common shares issuable upon exercise of incentive rights held multiplied by the difference between the closing price of our common shares on the Toronto Stock Exchange on such date (\$8.71) less the original grant price of the incentive rights for in-the-money incentive rights. For calculation purposes, no adjustment has been made to the number of common shares issuable upon exercise of share awards or the grant price of the incentive rights to give effect to distributions or dividends paid since the share award or incentive right was granted.

- (4) Mr. Harrison has control or direction over 125,472 common shares in 2014 and had control or direction over 105,372 common shares in 2013 that are held by clients of K.J. Harrison & Partners Inc. - (5) Mr. Kitagawa, as a trustee, has control or direction over 127,500 common shares in 2014 and had control or direction over 100,000 common shares in 2013 that are held by North River Capital Corp. Additional Disclosure Relating to Proposed Directors

To the knowledge of our directors and executive officers, none of our proposed directors is, as of the date hereof, or has been within ten years before the date hereof, a director, chief executive officer or chief financial officer of any company (including us), that was subject to a cease trade order (including a management cease trade order), an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, in each case that was in effect for a period of more than 30 consecutive days (collectively, an "Order") that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer or was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer. None of our proposed directors is, as of the date hereof, or has been within the ten years before the date hereof, a director or executive officer of any company (including us) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets or has, within the ten years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director, executive officer or shareholder, other than Mr. Zawalsky who was a director of Efficient Energy Resources Ltd. (a private electrical generation company) which agreed to the voluntary appointment of a receiver in 2005.

In addition, none of our proposed directors has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

Majority Voting for Directors

Our board of directors has adopted a policy stipulating that if the votes in favour of the election of a director nominee at a shareholders' meeting represent less than a majority of the common shares voted and withheld, the nominee will submit his or her resignation promptly after the meeting, for our governance and compensation committee's consideration. The governance and compensation committee will make a recommendation to our board of directors after reviewing the matter, and our board of directors' decision to accept or reject the resignation offer will be disclosed to the public within 90 days of the applicable shareholders' meeting. Resignations shall be expected to be accepted except in situations where extenuating circumstances would warrant the applicable director to continue to serve as a board member. The nominee will not participate in any committee or board deliberations on the resignation offer. The policy does not apply in circumstances involving contested director elections.

Appointment of Auditors

Management is soliciting proxies, in the accompanying form of proxy, in favour of the appointment of the firm of Ernst & Young LLP, Chartered Accountants, as our auditors, to hold office until the next annual meeting of our shareholders and to authorize the directors to fix their remuneration as such. See "*Audit and Reserves Committee Information*" in our annual information form for the year ended December 31, 2014 for additional information including a description of fees we paid to Ernst & Young LLP during the past two years.

DIRECTORS COMPENSATION

Compensation of Directors

Our board of directors, through the governance and compensation committee, is responsible for the development and implementation of a compensation plan for our independent directors. Our directors who are also our officers are not paid any compensation for acting as a director.

The main objectives of our compensation plan for directors are to attract and retain the services of the most qualified individuals and to compensate our directors in a manner that is commensurate with the risks and responsibilities assumed in board and committee membership and at a level that is similar to the compensation paid to directors of a peer group of oil and gas companies. In addition, our philosophy of using compensation to foster a culture of ownership also extends to our director compensation policies. Our board of directors believes it is important that directors demonstrate their commitment to our stewardship through common share ownership. As a result, all of our independent directors are required to hold common shares with a total value aggregating not less than four times their annual board retainer. New directors have two years from being appointed to the board to comply with this policy. See "*Common Share Ownership Guidelines*" below.

In 2011, a peer group review was conducted by our governance and nominating committee, with the results indicating that our directors' compensation is competitive with our peers.

In 2012, our board committees were restructured to more equitably distribute responsibilities, and to improve costs and efficiencies. As a result, we consolidated our audit committee and reserves committee into our audit and reserves committee and our governance and nominating committee and our compensation committee into our governance and compensation committee.

The following table sets forth the principal elements of the compensation plan for our outside directors for the year ended December 31, 2014.

Compensation Element	Amount (\$)
Board Retainer – Annual	20,000
Additional Chair Retainers – Annual:	
Board	25,000
Audit and Reserves	10,000
Governance and Compensation	5,000
Meeting Attendance Fee	1,000

In 2015, we reduced the fees payable to our outside directors to the amounts set forth in the following table.

Compensation Element	Amount (\$)
Board Retainer – Annual	10,000
Additional Chair Retainers – Annual:	
Board	12,500
Audit and Reserves	5,000
Governance and Compensation	2,500
Meeting Attendance Fee	500

Outside directors are eligible to receive awards under our share award plan which became effective on January 1, 2011. Participation of each non-management director in the share award plan is limited to the lesser of (a) 1% of our issued and outstanding common shares; and (b) an annual equity award value of \$100,000, with the value of each award calculated at the time of grant. See "*Executive Compensation – Executive Compensation Discussion and Analysis – Incentive Plans – Share Award Plan*" for a description of our share award plan. On May 31, 2014 our Chairman of the board was granted 7,300 share awards and our other outside directors were granted 5,200 share awards each pursuant to our share award incentive plan. These share awards vest equally over a four year period commencing on January 1, 2015 and expire on May 31, 2019. On March 12, 2015, our Chairman of the board was granted 21,000 share awards and our other outside directors were granted 15,000 shares awards each pursuant to our share award incentive plan. These share awards vest equally over a four year period commencing on January 1, 2016 and expire on March 12, 2020.

Our outside directors were eligible to receive incentive rights under the trust unit rights incentive plans of Zargon Energy Trust which were assumed by us in connection with the reorganization of Zargon Energy Trust on January 1, 2011. These rights continue to vest in accordance with their original terms except that the holders of such rights are entitled to receive our common shares in lieu of trust units. No new rights will be granted under such plans and they will terminate when all outstanding rights granted under these plans have been exercised or expired.

As at December 31, 2014, our outside directors held an aggregate of 110,600 incentive rights and share awards, which represented approximately 0.4% of our issued and outstanding common shares as at such date. For information regarding the outstanding incentive rights and share awards held by our independent directors as at December 31, 2014, see "*Outstanding Option-based and Share-based Awards*" and "*Incentive Plan Awards – Value Vested or Earned during the Year*" below.

The following table sets forth the cash retainers and fees that were paid to each of our independent directors during the year ended December 31, 2014. Directors' fees are paid on a quarterly basis.

- (1) Our outside directors were eligible to receive incentive rights under the trust unit rights incentive plans of Zargon Energy Trust which were assumed by us in connection with the reorganization of Zargon Energy Trust on January 1, 2011. These rights continue to vest in accordance with their original terms except that the holders of such rights are entitled to receive our common shares in lieu of trust units.
- (2) Pursuant to the trust unit rights incentive plans, holders of rights have the option to elect to have the exercise price per right reduced to account for distributions paid on the trust units and dividends paid on our common shares subsequent to the grant date, provided that certain performance benchmarks are achieved. For calculation purposes no adjustment has been made to the exercise price to give effect to distributions or dividends paid since the right was granted.
- (3) Calculated based on the difference between the closing price of our common shares on the Toronto Stock Exchange on December 31, 2014 (being \$3.78) less the original grant price of the incentive rights for in-the-money incentive rights. For calculation purposes, no adjustment has been made to the grant price to give effect to distributions or dividends paid since the right was granted.
- (4) Calculated based on the closing price of our common shares on the Toronto Stock Exchange on December 31, 2014 (being \$3.78). No adjustment has been made to the number of share awards granted for dividends.

Common Share Ownership Guidelines

Directors (other than our President and Chief Executive Officer) are expected to own common shares having a market value of at least four times the amount of their annual board retainer. New directors are required to attain the minimum ownership level within a period of two years from the date of their election. Our President and Chief Executive Officer is expected to own common shares having a market value of at least two times his annual base salary.

In calculating ownership levels, common shares that an individual beneficially owns or controls or directs, directly or indirectly, may be counted. The ownership of common share incentive rights or share awards does not count towards these requirements.

Following the phase-in period, directors and our President and Chief Executive Officer are expected to be in continuous compliance with the guidelines. In the event that an individual who has achieved the target ownership level subsequently falls below such target ownership level due solely to a decline in the market price of our common shares, such individual shall be considered to be in compliance with our ownership guidelines as long as the adjusted cost base of his/her common shares exceeds the target ownership level.

The following table sets out the ownership levels of our President and Chief Executive Officer and each of our independent directors as at December 31, 2014.

Name	Ownership Guideline		Ownership Value		Guideline Met or Investment Required to Meet Guideline

Executive Compensation Discussion and Analysis

Compensation Objectives and Philosophy

Compensation plays an important role in achieving short and long term business objectives that ultimately drive business success. We have developed a compensation strategy built on offering a competitive compensation package, which is oriented toward developing a culture of ownership by making long term equity-based incentives, through the granting of incentive rights, a significant component of executive compensation. This approach is based on the assumption that the performance of our share price over the long term is an important indicator of long term performance.

Our compensation philosophy is based on the following fundamental principles:

- Compensation programs align with shareholder interests – we align the goals of our executives with maximizing long term shareholder value;
- Performance sensitive – compensation for our executive's should be linked to our operating and market performance; and
- Offer market competitive compensation to attract and retain talent – our compensation program should provide market competitive pay in terms of value and structure in order to retain existing employees who are performing according to their objectives and to attract new individuals of the highest calibre.

The objectives of our compensation program in compensating our executives were developed based on the above-mentioned compensation philosophy and are as follows:

- To attract and retain highly qualified executive officers;
- To align the interests of executive officers with shareholders' interests and with the execution of our business strategy;
- To evaluate executive performance on the basis of key measurements that correlate to long term shareholder value; and
- To tie compensation directly to those measurements and rewards based on achieving and exceeding predetermined objectives.

Compensation Governance

Our governance and compensation committee assists our board of directors in fulfilling its responsibilities by monitoring our compensation plans and practises and ensuring their congruence with our objectives and goals by assessing and making recommendations regarding compensation, benefits, short and long term incentive programs and employee retention.

Our governance and compensation committee is currently composed of three independent directors, Messrs. Peplinski (Chairman), Harrison and Zawalsky. Each is an independent member of our board and is knowledgeable about compensation design and administration. All of our governance and compensation committee members have served as a senior executive officer and/or director of numerous organizations and have direct experience in executive and corporate compensation programs. Reference should also be made to each member's biography found under "*Election of Directors*" above.

The governance and compensation committee annually reviews and recommends the compensation of members of the executive team, specifically the CEO and the Vice Presidents, and granting of long term incentives. Recommendations regarding executive compensation and the granting of long term incentives are presented to the governance and compensation committee in January with the year end bonus recommendations being presented in February.

Compensation Risks

In establishing our executive compensation program our governance and compensation committee also considers the implication of the risks associated with our compensation program, including:

- The risk of executives taking inappropriate or excessive risks;
- The risk of inappropriate focus on achieving short term goals at the expense of long term return to shareholders;
- The risk of encouraging aggressive accounting practises; and
- The risk of excessive focus on financial returns and operational goals at the expense of regulatory, environmental and health and safety.

While no program can fully mitigate these risks we believe that many of these risks are mitigated by:

- Weighting our long term incentives towards share ownership and vesting our long term incentives over a number of years;
- Establishing a uniform incentive program for all executive officers and employees;
- Avoiding narrowly focused performance goals which may encourage loss of focus on providing long term shareholder return and retaining adequate discretion to insure that our corporate governance & compensation committee and board retain their business judgment in assessing actual performance; and
- Establishing a strong "tone at the top" for accounting, regulatory, environmental and health and safety compliance.

Elements of Compensation Plan

Our executive compensation package provides a balanced set of elements designed to deliver the objectives of our compensation philosophy. The fixed elements, salary and perquisites, provide a competitive base of secure

compensation necessary to attract and retain executive talent. The variable elements, bonus and long term incentives are designed to balance short term gains with our long term interests and motivate the superior performance of both. Our long term incentive plan also aligns our executive's with shareholders and helps retain executive talent. Our employee savings plan further aligns our executive's with shareholders and allows executive's to accumulate wealth for retirement or other purposes. The combination of the fixed elements and the variable incentive opportunities delivers a competitive compensation package.

While our CEO and other executive's have a large proportion of their compensation "at risk", the quantum of the incentive compensation and the mix between short term and long term compensation is intended to discourage inappropriate risk taking and does not reward actions that could produce short term success at the cost of long term results.

In addition, pursuant to our insider trading policy, our directors, officers and employees are prohibited from selling any of our shares they do not own or have not fully paid for, unless the director, officer or employee owns another security convertible into our shares and, within 10 days after the sale, such person exercises the conversion privilege, option or right and delivers the associated common share to the purchaser or transfers the convertible security, option or right, if transferable to the purchaser. Directors, officers and employees are also prohibited from buying or selling a call or put in respect of any of our securities.

Our CEO presents recommendations and rationale to our governance and compensation committee regarding salary adjustments, bonuses and long term incentives for all staff. The focus of the discussion is on the individual executive salaries and bonuses with a review of the aggregate level of salary and bonuses for the balance of the staff. The governance and compensation committee makes specific recommendations to our board of directors on our CEO's salary, bonus payments and incentive plan allocations. Our board of directors reviews all recommendations of the governance and compensation committee before final approval. Any director who is also an officer is excused from the directors' meeting during any discussion of his compensation. Our governance and compensation committee also approves the salaries, bonus payments and incentive plan allocations of all other senior officers.

In determining annual bonuses, raises and other compensation, our governance and compensation committee considers overall corporate performance, performance across a number of operating measures such as production and reserves per share, finding and developments costs and recycle ratio, and advancement of our major projects to assess the operational effectiveness of the execution of our strategy, financial, regulatory and environmental compliance and other elements such as the strengthening of staff resources, processes and internal communication and individual performance. The measures described here are considered as subjective factors and are not defined in such a way as to limit the authority of the governance and compensation committee or to restrict the latitude they have to guide the compensation process.

Base Salary

In setting base salaries, our governance and compensation committee, consistent with our long term policy, has targeted our executive's base salaries at a competitive range for comparable organizations in the oil and gas industry. Salaries reflect market conditions and levels of responsibility. Salaries of senior executive officers are determined utilizing salary survey information from comparator companies from the MTCS data. In January of each year, our Chief Executive Officer makes salary recommendations to our governance and compensation committee, which in turn makes its own recommendation to our board of directors.

The following table summarizes base salaries paid to our NEOs for the years ended December 31, 2013 and December 31, 2014, other than our former Chief Financial Officer.

Name and principal position	2013 Base Salary (\$)	2014 Base Salary (\$)	% Increase
Craig H. Hansen President and CEO and Interim CFO	331,280	337,906	2.0
Brian G. Kergan Vice President, Corporate Development	253,510	258,580	2.0
Randolph J. Doetzel Vice President, Operations	237,350	242,097	2.0
Robert T. Moriyama Vice President, Enhanced Recovery	225,230	236,492	5.0
Pete H.S. Janjua Vice President, Williston Basin	217,150	228,007	5.0

Our overall corporate increase for 2014 was 2.9 percent. The average salary increases for our NEOs (excluding our former Chief Financial Officer) was 4.1 percent.

Our President and Chief Executive Officer and our Vice President, Corporate Development have agreed to a temporary rollback of their salaries for the period from March 1, 2015 to February 29, 2016 from \$337,906 to \$245,000 and \$258,580 to \$230,000, respectively, as an acknowledgement of the current commodity price environment.

Bonuses

Our governance and compensation committee approves targeted amounts of annual bonuses for each of our executive officers. If all targets are met, this methodology results in an amount that roughly aligns with industry benchmarking data. For 2014, our overall corporate targeted bonus amount was set at 24.0 percent of total salaries. The 2014 actual bonus (paid in February 2015) was 18.6 percent (including executives) of total salaries.

Predetermined target bonuses for our executive officers range from 30 percent to 40 percent of annual salary. Actual bonuses paid as a percentage of the 2014 actual salary paid are then adjusted from the target based on the achievement of overall corporate, team and an individual's specific contribution and performance.

The following table summarizes bonuses paid to our NEOs for the years ended December 31, 2013 and December 31, 2014, other than our former Chief Financial Officer.

Name and principal position	2013 Bonus (\$)	2014 Bonus (\$)	2014 Bonus as a % of 2014 Base Salary ⁽¹⁾
Craig H. Hansen President and CEO and Interim CFO	122,574	100,000	29.6
Brian G. Kergan Vice President, Corporate Development	82,074	60,000	23.2
Randolph J. Doetzel Vice President, Operations	71,205	60,000	24.8
Robert T. Moriyama Vice President, Enhanced Recovery	67,659	63,000	26.6
Pete H.S. Janjua Vice President, Williston Basin	65,145	51,000	22.4

Note:

(1) 2014 bonus amounts were paid in February 2015.

Incentive Plans

In anticipation of our conversion from a trust to a corporation, our compensation committee reviewed and re-designed the longer term aspects of our executive compensation program.

The compensation committee's objectives for a new long term compensation program included the following:

- to provide incentives which encourage our long term sustained growth;
- to provide incentives which encourage the retention of highly skilled and talented employees; and
- to encourage and facilitate proprietary ownership of us.

As a result, our compensation committee recommended that our board of directors approve a five year share award plan which would provide for awards of common shares that would vest in quarters over a four year period and expire on the fifth anniversary of the date of grant. This share award plan was approved by our shareholders in December 2010 and became effective January 1, 2011. In connection with the reorganization of Zargon Energy Trust, we assumed the trust unit rights incentive plans of Zargon Energy Trust and outstanding incentive rights granted under these plans continue to vest in accordance with their original terms except that the holders of such rights are entitled to receive our common shares in lieu of trust units. No new rights will be granted under such plans and they will terminate when all outstanding rights granted under these plans have been exercised or expired. There are 177,850 common shares currently reserved for issuance under these former plans.

Our executive management participate in our share award plan and the terms and conditions of share awards granted under the plan are determined by our governance and compensation committee. Previous grants are taken into account when considering new grants. Share awards for executives are generally approved annually and are granted in March, subject to the imposition of trading blackout periods, in which case share awards scheduled for grant will be granted subsequent to the end of the blackout period. Additional one time grants may also be awarded throughout the year to reward exemplary performance.

During 2014, an aggregate of 97,280 share awards were granted to our NEOs. These share awards vest equally over a four year period commencing on January 1, 2015 and expire on March 13, 2019. On March 12, 2015, an aggregate of 142,000 share awards were granted to our NEOs pursuant to our share award incentive plan. These

share awards will vest in quarters every January 1 over a four year period commencing on January 1, 2016 and will expire on March 12, 2020.

Share Award Plan

The principal purposes of our share award plan are: (i) to retain and attract qualified certain directors, officers and employees for us and our subsidiaries, partnerships or other controlled entities; and (ii) to promote a proprietary interest in us by such persons and to encourage such persons to remain in our employ or service and put forth maximum efforts for the success of our business and affairs. Our share award plan is designed to encourage ownership and entrepreneurship on the part of our senior management and other employees. Our governance and compensation committee believes that the plan aligns the interests of our executive officers' with shareholders.

In accordance with its terms, our board of directors has delegated the authority to administer the share award plan to our governance and compensation committee. The governance and compensation committee has the authority in its sole discretion to administer the plan and to exercise all the powers and authorities either specifically granted to it under the plan or necessary or advisable in the administration of the plan subject to and not inconsistent with the express provisions of the plan, including, without limitation, the authority to grant awards under the plan and to determine those persons to whom, and the time or times at which share awards shall be granted and become issuable.

Each share award entitles the holder be issued that number of common shares designated in the share award with such common shares to vest as to one-quarter every January 1 over a four year period with such share award to expire on the fifth anniversary of the date of grant (or such other vesting dates or expiry dates as may be determined by our governance and compensation committee).

If a holder is prohibited from trading in our securities as a result of the imposition by us of a trading blackout and the issue date of a share award held by such holder falls within the trading blackout period, then the expiry date for the common shares will be extended to the date that is ten business days following the end of the blackout period.

The plan provides for cumulative adjustments to the number of common shares to be issued pursuant to share awards on each date that dividends are paid on the common shares pursuant to the adjustment ratio set forth in the plan. Additionally, subject to the approval of the Toronto Stock Exchange, the plan also provides for an adjustment to the number of common shares to be issued or the payment of a cash equivalent amount in the case of a non-cash dividend in certain circumstances.

Unless otherwise approved by our shareholders, the number of common shares reserved for issuance from time to time pursuant to outstanding share awards granted and outstanding under the plan may not exceed the lesser of: (a) a number of common shares equal to 5% of the aggregate number of issued and outstanding common shares; and (b) a number of common shares equal to 10% of the aggregate number of issued and outstanding common shares less common shares reserved for issuance under our legacy trust unit incentive plans. This prescribed maximum may be subsequently increased to any specified amount, provided the increase is authorized by a vote of our shareholders. If any share awards granted under the plan expire, terminate or are cancelled for any reason without having been settled in full, any unissued common shares to which such share awards relate will be available for the purposes of the granting of further share awards under the plan.

The plan also limits the level of participation of each holder. No one holder may be granted any share award which, together with all share awards then held by such holder, would entitle such holder to receive a number of common shares which is greater than 10% of our issued and outstanding common shares, calculated on an undiluted basis. In addition: (i) the number of common shares issuable to insiders at any time, under the plan and all of our other security based compensation arrangements, may not exceed 10% of our issued and outstanding common shares; and (ii) the number of common shares issued to insiders, within any one year period, under the plan and all of our other security based compensation arrangements, may not exceed 10% of our issued and outstanding common shares. Participation of each non-management director in the share award plan is also limited. Such participation

may not exceed the lesser of: (a) 1% of our issued and outstanding common shares; and (b) an annual equity award value of \$100,000, with the value of each share award calculated at the time of grant.

In the event of a "change of control" of us (as such term is defined in the plan), all common shares awarded pursuant to any share awards to a holder that have not yet been issued as of such time shall be vested on the earlier of (i) the next applicable expiry date; and (ii) the date which is immediately prior to the date upon which the change of control is completed.

Unless otherwise determined by our governance and compensation committee or unless otherwise expressly set forth in a share award agreement pertaining to a particular share award or any written employment or consulting agreement governing a holder's role as an employee, the following provisions shall apply in the event that a holder ceases to be a director, officer or employee of us (or of our subsidiaries, partnerships or other controlled entities):

- a) if a holder ceases to be a director, officer or employee for any reason whatsoever, including termination without cause, other than the death or disability of the holder (as contemplated under (b) below), there shall be no further vesting of any of such holder's share awards following the cessation date and all outstanding share award agreements under which share awards have been made to such holder shall be terminated and all rights to receive common shares thereunder shall be forfeited by the holder effective as of the earlier of (i) the date that is 30 days from the cessation date plus any blackout extension term if a blackout is in effect at the end of such 30 day period; and (ii) the expiry date otherwise relating to such share award;
- b) upon the death or disability of a holder, there shall be no further vesting of any of such holder's share awards following the cessation date and all outstanding share award agreements under which share awards have been made to such holder shall be terminated and all rights to receive common shares thereunder shall be forfeited by the holder effective as of the earlier of (i) the date that is six months from the cessation date and (ii) the expiry date otherwise relating to such share award.

Notwithstanding the foregoing, in the event that any of the early termination provisions conflict with or are inconsistent with the express terms of a written employment agreement between a holder and us, the terms of the employment agreement will govern.

The right to receive common shares pursuant to a share award granted to a holder may only be exercised by such holder personally or through the holder's personal representative or estate and no assignment, sale, transfer, pledge or charge of a share award, whether voluntary, involuntary, by operation of law or otherwise (except by will or the laws of descent and distribution), will vest any interest or right in such share award whatsoever in any assignee or transferee and, immediately upon any assignment, sale, transfer, pledge or charge or attempt to assign, sell, transfer, pledge or charge, such share award shall terminate and be of no further force or effect.

The share award plan and any share awards granted thereunder may be amended, modified or terminated by our board of directors without approval of our shareholders subject to any required approval of the Toronto Stock Exchange. Our governance and compensation committee may also vary the vesting dates and expiry dates under the plan provided that the duration of any share awards shall not exceed seven (7) years. Notwithstanding the foregoing, the plan or any share award may not be amended without shareholder approval to: (a) increase the number of common shares issuable on exercise of outstanding share awards at any time in excess of the limits described above; (b) extend the expiry date of any outstanding share awards; (c) permit a holder to transfer or assign share awards to a new beneficial holder other than for estate settlement purposes; (d) amend the limits on the permitted level of participation under the plan by non-management directors; (e) increase the number of common shares that may be issued to insiders above the restriction contained in the plan; or (f) amend the amending provisions of the plan to delete any of (a) through (e).

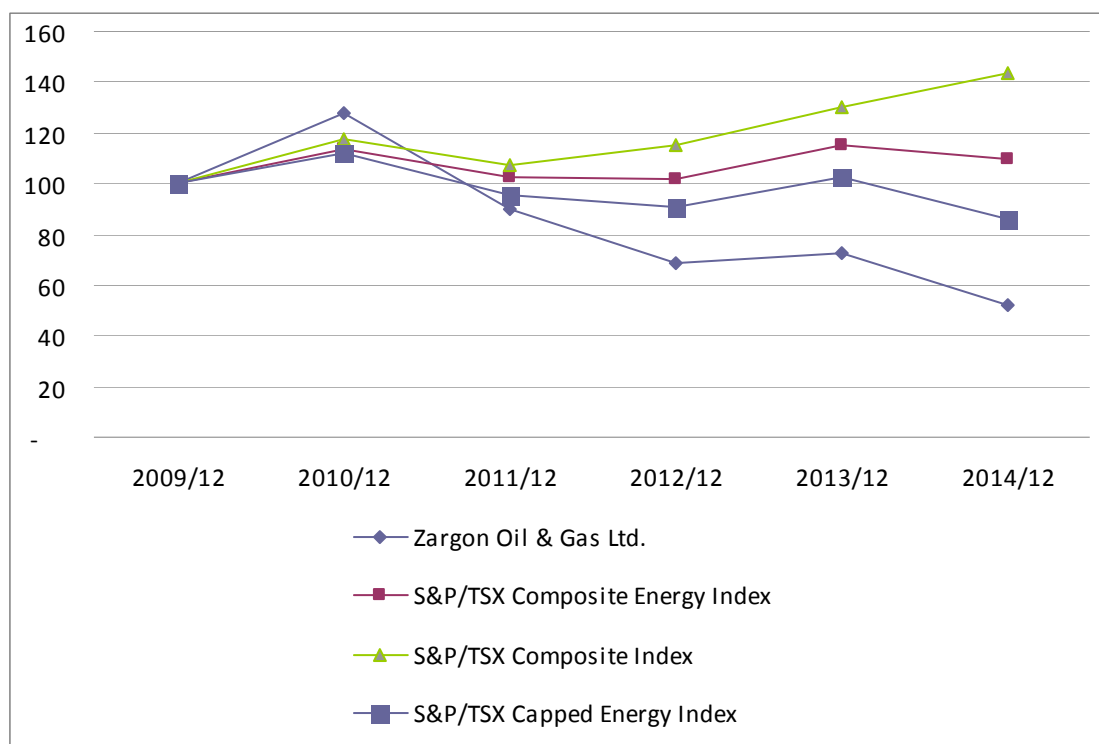

Employee Savings Plan

We also have an employee savings plan whereby all employees, including executive officers, are encouraged to contribute up to a maximum of 10% of their salary to the employee savings plan. The contributions

by employees are equally matched by us. The funds are used to purchase common shares in the open market. Since the plan is available to all employees it has been successful in encouraging employees to become shareholders and promoting the principle of alignment with shareholders. Our governance and compensation committee considers this program to be competitive. There is no other form of retirement or savings program. All of our executive officer's participated in the program in 2014. These amounts are included in the "All Other Compensation Category" in the Summary Compensation Table below.

Performance Graph

The following graph illustrates our five year cumulative securityholder return assuming an initial investment of \$100 in each of us (and our predecessor, Zargon Energy Trust) and the S&P/TSX Composite Index, the S&P/TSX Composite Energy Index and the S&P/TSX Capped Energy Index on December 31, 2009, with all distributions and dividends reinvested.

Compensation for management is based on the achievement of certain pre-determined criteria at the beginning of each fiscal year. These criteria include capital efficiency measures (such as finding, development and acquisition costs), meeting of sustainability objectives (such as production, reserves and dividends on a per share basis) and other subjective objectives (such as the building of core area team capabilities and improving business processes in the organization). The achievement of these pre-determined objectives are reflected in the determination of the meeting of corporate, team and individual targets, as described earlier and do not necessarily track the changes in the market value of our common shares.

Compensation of Named Executive Officers

The following table sets forth the information concerning the compensation for our CEO and Former CFO and our four most highly compensated executive officers, other than the CEO and Former CFO, for the year ended December 31, 2014, whose total compensation was more than \$150,000.

Pension Plan Benefits

We do not have any pension plans for our employees. We have established a savings plan to assist employees in meeting their savings goals. See "*Executive Compensation Discussion and Analysis – Employee Savings Plan*".

Employment Contracts

We have entered into employment agreements with each of the NEO's pursuant to which we have agreed to make a lump-sum payment to each executive in the event of termination without cause or if the executive elects to terminate his employment within 30 days following a "change of control". For these purposes, a "change of control" shall be deemed to occur upon the effective date of the earlier of any of the following event, provided that such event results in an actual change of control of us:

- a successful "take-over bid" (as defined in the *Securities Act* (Alberta), as amended, or any successor legislation thereto) pursuant to which the "offeror" as a result of such take-over bid, beneficially owns, directly or indirectly, in excess of 50% of our issued and outstanding common shares;
- the issuance to or acquisition by any person, or group of persons acting in concert, directly or indirectly, which in the aggregate total 50% or more of our then issued and outstanding common shares;
- the completion of an arrangement, merger or other form of reorganization of us where the holders of our outstanding voting securities or immediately prior to the completion of the arrangement, merger or other reorganization will hold 50% or less of the outstanding voting securities or interests of the continuing entity upon completion of the arrangement, merger or other form of reorganization; or
- the winding-up or termination of us or the sale, lease or transfer of all or substantially all of our directly or indirectly held assets to any other person or persons (other than pursuant to an internal reorganization or in circumstances where our business is continued and where the security holdings in the continuing entity are such that the transaction would not be considered a "Change of Control" if the third paragraph above were applicable to the transaction),

provided that notwithstanding the application of any of the foregoing, a "Change of Control" will be deemed to have not occurred if a majority of the board of directors, in good faith, determines that in substance the arrangement or reorganization has occurred or the circumstances are such that a Change of Control was not intended to occur in the particular circumstances in question and any such determination shall be binding and conclusive for all purposes.

The following table outlines the compensation arrangements that would be provided to our NEO's in the event of a change of control.

Liability Insurance of Directors and Officers

We maintain directors' and officers' liability insurance coverage in the amount of \$20 million for losses to us if we are required to reimburse directors and officers, where permitted, and for direct indemnity of directors and officers where corporate reimbursement is not permitted by law. This insurance protects us against liability (including costs), subject to standard policy exclusions, which may be incurred by our directors and/or officers acting in such capacity.

All of our directors and officers are covered by the policy and the amount of insurance applies collectively to all. The term of the policy is from December 1, 2014 to December 1, 2015.

In addition, we have entered into indemnity agreements with each of our directors and officers pursuant to which we have agreed to indemnify such directors and officers from liability arising in connection with the performance of their duties. Such indemnity agreements conform to the provisions of the *Business Corporations Act* (Alberta).

Pursuant to our by-laws, we have also indemnified, to the maximum extent permitted under the *Business Corporations Act* (Alberta), each of our directors and officers and each of our former directors and officers, and we may indemnify a person who acts or acted at our request as a director or officer of a body corporate of which we are or was a shareholder or creditor, and their heirs and legal representatives, against all costs, charges and expenses, including any amount paid to settle an action or satisfy a judgment, reasonably incurred by him or her in respect of any civil, criminal or administrative action or proceeding to which he or she is made a party by reason of being or having been a director or officer of us or such body corporate.

All committee members are independent directors. Our board has accepted overall responsibility for health, safety and environment and no separate committees have been established to deal with these issues. In addition, any new director will receive presentations with respect to our operations. As part of continuing education, the board receives management presentations with respect to the operations and risks of our business at least four times per year, with a more significant presentation provided in conjunction with the annual budgeting process and annual strategic planning meeting with all directors and officers in attendance. In addition, the individual directors identify their continuing education needs through a variety of means, including discussions with management and at board and committee meetings.

Ethical Business Conduct

Our board has adopted a code of business conduct, a copy of which is available to review on our website at www.zargon.ca. It is intended that annually each employee, officer and director confirms in that he or she has read, understood and complied with the code. Any reports of variance from the code will be reported to the board.

The board has also adopted a whistleblower policy which provides employees with the ability to report, on a confidential and anonymous basis, any violations within our organization including (but not limited to), falsification of financial records, unethical conduct, harassment or theft. The board believes that providing a forum for employees, officers and directors to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness foster a culture of ethical conduct.

Position Descriptions

The board has developed position descriptions for each of the Chairman, the President and Chief Executive Officer and chairman of the board committees.

Nomination of Directors

We have established a governance and compensation committee which, among other things, has the responsibility for establishing a nomination process and making recommendations to the board with respect to nomination of directors. See "*Board Committees – Governance and Compensation Committee*" for a summary of the committee's mandate. The governance and compensation committee is composed entirely of independent directors. In accordance with the mandate of the governance and compensation committee, the guidelines include considering what competencies and skills the board, as a whole, should possess, the competencies and skills the board considers each existing director to possess and the competencies and skills each proposed nominee will bring to the board as well as whether the new nominee can devote sufficient time and resources to his or her duties as a member of the

board. In seeking nominees the governance and compensation committee encourages input from all members of the board and may use the services of professional recruiters if required.

In response to the capital markets' desire for more clarity and information, our board has adopted a policy regarding board diversity. Our board believes that board nominations should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the board at the time. We are committed to a meritocracy and believe that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide the leadership needed to achieve our business objectives, without reference to their age, gender, race, ethnicity or religion, is in our best interests and all of our stakeholders. Our board recognizes benefits of diversity within the board but has not set quotas or targets. We currently do not have any women directors.

Board Assessment

We commenced an annual formal process of assessing our board and its committees or the individual directors in 2005 under the direction of the governance and compensation committee and have conducted annual reviews since 2005.

Our governance and compensation committee has established the following "skills matrix" outlining the skills and experience which they believe are required by the members of our board of directors. This skills matrix is reviewed annually by the committee and updated as necessary. The committee also annually reviews the skills and experience of our current directors and assesses the knowledge and character of all nominees to our board of directors to ensure general compliance with the skills matrix. In seeking nominees our governance and compensation committee also maintains an "evergreen list" of potential board nominees. In establishing the "evergreen list" the committee considers both the "skills matrix" described below and board diversity.

<i>Executive Leadership</i>	Experience as a CEO or equivalent.
<i>Enterprise Risk Assessment</i>	Board or executive experience in evaluating and managing risks in the oil and natural gas business.

Succession Planning

Our board receives regular updates on the status of the succession plans and the professional development of individuals within our organization. We do not consider the level of representation of women in executive officer positions when making executive officer appointments. Consistent with our board diversity policy, our board believes that executive officer appointments should be made on the basis of the skills, knowledge, experience and character of individual candidates. We are committed to a meritocracy and believe that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide the leadership needed to achieve our business objectives, without reference to their age, gender, race, ethnicity or religion, is in our best interests and all of our stakeholders. We currently do not have any women serving in an executive officer position, although we have six women in head office management positions, which represents approximately 40 percent of our head office management positions.

Director Term Limits

Our board of directors does not believe that fixed term limits are in the best interests of Zargon. Our governance and compensation committee considers both the term of service of individual directors, the average term of the board as a whole and turnover of directors over prior three years when proposing a slate of nominees. The committee considers the benefits of regular renewal in the context of the needs of the board at the time and the benefits of the institutional knowledge of the board members.
